Statement of Intent

Parkside Community School aims to ensure an effective Early Help Service is delivered to pupils and their families in accordance with the requirements of the Children Act 2004 and within the statutory guidance “Working Together 2015”. We aim to:

- Identify children and their families who would benefit from Early Help utilising the Derbyshire thresholds.
- Undertake an assessment of the need for Early Help using the Derbyshire approved Early Help Assessment.
- Ensure provision of targeted Early Help services to address the assessed needs of a child and family which focuses on activity to significantly improve the outcomes for the child. This involves the use of evidence-based interventions as set out by the Early Intervention Foundation (www.eif.org.uk/how-do-we-know-early-intervention-works/)
- Share information on that provision which is consistent with the child’s welfare and with due regard to confidentiality.

Parkside Community School will continue to use the statutory guidance and the threshold guidance issued by Derbyshire Safeguarding Children Boards in all of our work towards meeting the responsibilities outlined above. Furthermore, we will ensure pupils and their families make considered decisions in line with the school’s values of **caring** about the **choices** they make that will shape their **future**.

6. Sharing of Information

Parkside Community School is committed to continuing to meet the requirements of the Data Protection Act, the Children Act 1989 and any other appropriate legislation. We recognise that effective sharing of information between professionals and local agencies is of paramount importance for effective identification, assessment and service provision. We also recognise and note the outcomes of enquiries and serious case reviews where poor information sharing has contributed to ineffective safeguarding of children.
